

Maths Overview 2024 - Foundation

Term 1			Term 2		Term 3		Term 4	
1	Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond	Measurement and Geometry <i>Time</i> What's on today? Daily timetable, Month, Season, What day is today? What day is yesterday?	Number & Algebra -counting processes -patterns -compare and order collections -sorting attributes	Measurement and Geometry <i>Time</i> -Measuring Time What's on today? <i>Shape</i> -attributes of shapes	Number & Algebra <i>Time</i> -counting processes <i>Patterns</i> -Introducing patterns!	Measurement and Geometry <i>Time</i> -Measuring Time What's on today?	Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond -skip counting -counting goals -place value	Measurement and Geometry <i>Time</i> -Measuring Time What's on today? Statistics and Probability -language of probability
2		Measurement and Geometry <i>Time</i> -Measuring Time What's on today? -Interpreting and representing data -bar graphs -picture graphs	Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond -place value -number sense	Measurement and Geometry <i>Time</i> -Measuring Time What's on today? <i>Length</i> -the language of length	Number & Algebra -counting processes <i>Patterns</i> -Creating and copying patterns		Addition and Subtraction -revision	Measurement and Geometry <i>Measurement Time</i> -Measuring Time What's on today? Mass/Capacity -introduction to Mass/Capacity -Heavy/Light -Hefting -Pan Balances
3		Number & Algebra -counting processes -place value -number sense	Number & Algebra -counting processes -place value -number sense -Addition -Addition facts and number stories	Measurement and Geometry <i>Time</i> -Measuring Time What's on today? <i>Length</i> -short and long	Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond -skip counting -counting goals		Geometry Location and Transformation -positional language	
4		Number & Algebra -counting processes -place value -number sense		Measurement and Geometry <i>Time</i> -Measuring Time What's on today? <i>Length</i> -measuring with informal units				Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond -place value -number sense
5	Number & Algebra -counting processes -place value -number sense	Measurement and Geometry <i>Time</i>	Measurement and Geometry <i>Time</i>	Number & Algebra -counting processes -place value -number sense <i>Division</i>	Measurement and Geometry <i>Time</i>	Measurement and Geometry <i>Time</i>		

	-count, compare and order collections	-Measuring Time What's on today?		-Measuring Time What's on today? -Our day- schedules.	-Introduction	-Measuring Time What's on today? Shape -Sorting and describing 2D shapes -Introduce 3D shapes		-Measuring Time What's on today?
6	Number & Algebra -counting processes -place value -number sense	Measurement and Geometry -Measuring Time What's on today? -Interpreting and representing data		Measurement and Geometry Time -Measuring Time What's on today?	Number & Algebra -counting processes -place value -Number sense Division -facts and stories	Measurement and Geometry Time -Measuring Time What's on today? Shapes -finding 3D Shapes		Measurement and Geometry Time -Measuring Time What's on today?
7				Measurement and Geometry Time -Measuring Time What's on today?	Number & Algebra -counting processes -place value -number sense Division -quotition	Measurement and Geometry Time -Measuring Time What's on today?		Measurement and Geometry Time -Measuring Time What's on today?
8		Measurement and Geometry -Measuring Time What's on today? -Interpreting and representing data -Length		Measurement and Geometry Time -What's on today? -duration -sequencing -My week.	Number & Algebra -counting processes -place value -number sense Division -facts and number stories	Measurement and Geometry Time -Measuring Time What's on today?	Number & Algebra -counting processes -one to one correspondence -trusting the count -subitising -counting to 20 and beyond	Measurement and Geometry Time -Measuring Time What's on today?
9		Measurement and Geometry -Measuring Time What's on today? -Length	Number & Algebra -counting processes -place value (teen numbers) -number sense	Measurement and Geometry Time -Measuring Time What's on today?	Number & Algebra -counting processes -place value -number sense Subtraction -facts and number stories	Measurement and Geometry Time -Measuring Time What's on today?	Money -Tuning into money -Describing money -ordering money -language of money -cheap or expensive	Measurement and Geometry Time -Measuring Time What's on today?
10				Measurement and Geometry Time -Measuring Time What's on today?		Measurement and Geometry Time -Measuring Time What's on today?	Number & Algebra -counting processes	Measurement and Geometry Time -Measuring Time What's on today?
11				Measurement and Geometry Time -Measuring Time What's on today?			Number & Algebra -counting processes	Measurement and Geometry Time -Measuring Time What's on today?
